Dear Harold,

Frank on Artie Shaw - 10-12.
Frank - In no case in history has there been a paltry in a Murder Case. The only tangible thing we have is that Ray did it. Trying to make name for himself like Oswald. Conspirators would not have chosen Ray, not a pro. The fact Ray claimed a conspiracy evidence of no conspiracy. Trying to interview Ray. Ray monitored 24 hours a day in jail. His mail copied - Xeroxed - and given to Ray to prevent any transmission of invisible writing.

Jerry called in and Frank became evasive.

This misinformation/propaganda is on the level of Orwell but

You should not let it divert you from Tiger.

The issue no longer [redacted] is Dallas, Memphis, or L.A.

The issue is America.

The Tiger presentation could reveal what makes the Conspiracy of Assassinations possible.

Best Wishes,
